

Dear Divers Two,

My family and I just returned from Mexico where we dove for the first time as a family. My kids (Patrick and Caroline) and I were certified by your organization. Our instructors were Chris (Rex) and Caryn Wojcik. I just wanted to send a letter of thanks and also let you know how amazing they are! I was a little (or a lot) apprehensive about diving...the whole idea of breathing underwater for a prolonged period of time was a little scary. Chris and Caryn were able to give me the instruction and confidence I needed not only to complete the course but also look forward to my first dive! Their knowledge of diving and patience with me was insurmountable. The kids and I felt completely ready for our first diving experience due to Chris and Caryn's teaching!

On our first dive the gentleman who accompanied us could not get over how well we all, especially the kids, were able to descend and ascend and the buoyancy control we had while scuba diving! We of course explained that we had excellent instructors back in NJ.

We want to thank you for giving us a great family activity to do and we are looking forward to our next dive. I can honestly say I think I'm addicted which I never would not have believed 3 weeks ago!

Please let Chris and Caryn know that we are truly grateful and have told all our friends and family how amazing they are and recommend them and Divers Two for anyone interested in receiving their diving certification!

Sincerely,

Mary Pearce
